Dear Mrs Avci,

We are willing to invite you as the Guest of Honor of the INNOFOOD International Forum to be held from 19th to 20th September, 2022 at the Pullman Hotel in Sochi, Krasnodar region, Russia. INNOFOOD is an annual international forum on innovative technologies in the food industry and agriculture. The purpose of the event is to gather technology developers, governmental leaders, research centers, investors, global and domestic producers, agricultural holdings, retail chains and digital services at the unified platform, as well as to provide the entry point to the Russian market for international FoodTech and AgriTech companies.

The main sections of the exhibition will include R&D in food industry, alternative sources of raw materials and food, personalized and specialized nutrition, smart supply chains, biological and organic agriculture, responsible agriculture, smart and highly productive agriculture.

The business program includes over 20 conferences and presentations on major trends of the global FoodTech/AgriTech agenda, ESG practices and R&D breakthroughs. Among the key speakers are governmental and business leaders from Turkey, UAE, Saudi Arabia, Armenia, Vietnam, Tajikistan, Uzbekistan and the other countries.

May I kindly ask you to inform the Turkish companies from FoodTech and AgriTech sectors to consider INNOFOOD for participation.

Best regards,
